

Contact Your Representative to Pass H.R. 815

The other day, H.R. 815 (\$60 billion of mostly military funding for Ukraine) was passed in the Senate! Now we need to continue making our voices heard and make sure it passes the House of Representatives. This is the last step, after that it only needs to get signed by Biden, and Ukraine will finally receive military aid from the US again. Speaker Johnson has already threatened that he will refuse to bring H.R. 815 up for a vote, while Democrats have threatened using a discharge petition to get a vote without the Speaker's consent. Ensuring Representatives get calls from their constituents supporting H.R. 815 is key in this situation.

Below is a sample script that you can use while calling your Representative. Please feel free to add any details to this, such as additional reasons why the U.S. should continue to support Ukraine and why this issue is important to you. You can use this script for both speaking with a staffer or leaving a voicemail.

Hello! My name is [your name] and I live in [city, state]. My zip code is [zip code].

I'm calling to urge [Representative's Name] to pass H.R. 815.

I am appalled that for four months now we have neglected to pass additional funding for Ukraine. Helping Ukraine defeat Russia is in the interests of America, and we should finally act like it and stop playing politics with this issue. Ukraine is destroying Russia's forces for less than 5% of our annual defense budget, and if we abandon Ukraine now it will send a clear message to China and other adversaries that America is too weak to help its friends, and too divided to stand up for its own interests.

I'd also like to ask that you do what is in your power to push Speaker Johnson and Majority Leader Scalise to put the Senate-passed Supplemental up for a vote. It is clear that it would easily pass and that the Speaker is currently acting against the wishes of both a majority in the House and our nation.

This issue will absolutely affect my vote next election. Thank you.

Feel free to improvise and don't be nervous. Calling may seem stressful at first, but it's really easy.

You can call every day. Calling regularly is very effective because it tells the representative that you're organized and dedicated. Aides tally all calls, but they take particular note of people who call regularly. The biggest threats to a representative during elections are enthusiastic constituents with a grudge. Your voice matters.

Please share this with likeminded friends and family.
