

## New Jersey Warehouse for Humanitarian Aid for Ukraine

We are very grateful to Governor Phil Murphy of NJ for his help in procuring of a 10,000 sq ft facility in Harrison for the warehousing of humanitarian aid for Ukraine. The facility is open 24 hours / 7 days a week and is conveniently located near Newark's airport and harbor, facilitating both the storage and shipment of critical supplies.

### Submitting a Request to Leverage the Warehouse

A clearing house process has been established to ensure we are able to:

- Give priority first acceptance approval to those goods deemed most critical
- Ensure proper approvals/licenses are in place for the acceptance and shipping of items requiring special permission
- Provide the warehouse facility manager with detailed information regarding scheduled deliveries
- Coordinate the pick of significant donations, where transportation services are requested
- Recommend alternative donation sites, if necessary, for non-critical items

Once approval to leverage the warehouse has been granted, more detailed instructions will be provided. **Please note, all humanitarian aid must arrive pre-sorted, packaged appropriately for shipment and clearly labeled with specific description of contents and quantity inside.**

Please complete the following form to submit your request to the warehouse :
